Multi-Function Optical Fibre Enclosure RFR-00311

What is the RFR-00311:

The RFR-00311 is a multi-platform enclosure concept. It is a universal chassis unit which is capable of mixing and matching front plates that are compatible with:

- Modular Splice Cassette
- Modlink Cassettes
- Molex Range of Adapters and Adapter Plates

New Product sets already in play:

- Modlink Style WDM Cassettes
- "copper capable" with 3 Jack adapter plate

Product Opportunities "under construction"

- Extreme Density 2 x 8 12 Fibre MTP Adapters/Front Adapter Plate.

Maximising End-User Functionality on a Cost Effective Platform
